

# LIVES & LIVELIHOODS REPORT

---

A CAMPAIGN FOR THE FUTURE OF CRAFT  
NORTH BENNET STREET SCHOOL

For over 135 years, the mission of North Bennet Street School has been to provide vocational training as a path to self-sufficiency and a meaningful, productive life.

That mission is no less relevant today than it was at the School's inception.

As the preeminent school of craft, we provide the highest quality education possible. Our mission is focused on hand-skills training that is by nature intensive, intimate, and community oriented.

---

In 2015, we set an ambitious goal: to attract the most qualified students from all backgrounds, to support them in pursuing their career in craft, and to reduce their debt burden upon graduation.

At a time when many question what is essential for success in life, when student loan debt is over \$1.2 trillion, and when 48% of college graduates are working at jobs that do not require a four-year degree, we offer an alternative path to a rewarding career. Ultimately, our method seeks to teach people how to make a living and lead a fuller life.

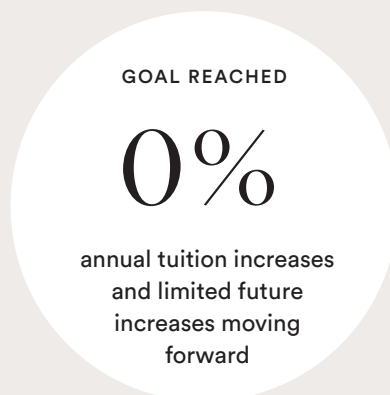

# Together, we kept a promise to the future.

It was a promise to possibility, to excellence, and to the students  
who will become leaders in traditional trades and craft.

NBSS set the goals in 2015. Over four years, you fulfilled the  
promise through the *Lives & Livelihoods* campaign:

by 2018

by 2019

by 2024

Your response as a community was truly inspiring.  
Ultimately, we exceeded our ambitious goal  
and built an endowment of \$20,560,882

With your help, future NBSS graduates  
will be free to pursue careers based on  
their passions, with less financial burden.

They will go on to shape the future of  
fine craftsmanship, become the next  
generation of leaders in their fields, and  
make a tangible, lasting difference in  
communities near and far.

Thank you for  
your generous support.
