

THANK YOU FOR REACHING OUT

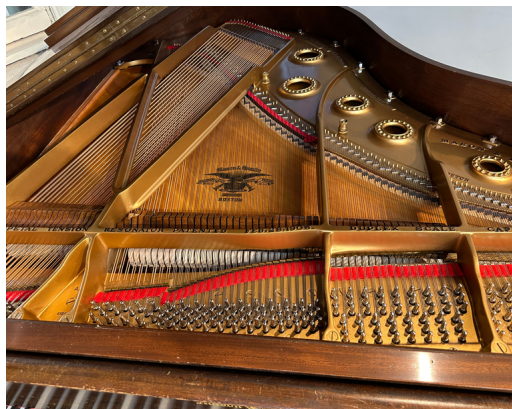

In order for us to determine if we are able to accept your donation, we need to know more about your piano.

Please send us photos using the guidelines below:

GRANDS:

Close the piano completely, remove all objects from the top of the piano. Stand at the right corner and step away enough to capture the entire piano in the frame. Make sure to include the leg

Open the lid completely, remove the music desk (slide toward you or lift up) and take a picture of the entire string and tuning pin area from above

Take a picture of the serial number if possible. It's most often found on the gold plate in the tuning pin area

UPRIGHTS:

Close the piano completely and remove objects from the top of the piano. Capture the entire piano

Open the top lid. Take a photo of the tuning pin area

With the top lid open, take a picture of the serial number if possible
